ET/ Smart, SWAT Tested Irrigation Controller Rebate Program

TERMS AND CONDITIONS

ELIGIBILITY:

- 1) All participants must be a Palmdale Water District customer and the property owner of the rebate installation site.
- 2) Program is based on first come first serve basis/ with availability of funds
- 3) PWD single family, multi family or commercial customer (single family takes precedence over commercial)
- 4) There will be no time delay for multiple rebates per person.
- 5) Rebates will stop when funds are depleted.
- 6) The District reserves the right to contact the customer and check for installation of all rebates.
- 7) The applicant must have an account in good standing with the District and the site must have a minimum of approximately one year of water consumption history so that a pre and post-water consumption comparison can be conducted.

CONDITIONS:

- 1) The applicant must purchase a “Smart Water Application Technology” (SWAT) tested irrigation controller.
- 2) The applicant must install and program the SWAT tested irrigation controller for maximum water savings either by a licensed contractor or himself.
- 3) The participant agrees to leave the “ET/ Smart” irrigation controller in place for a minimum of five years provided that ownership of the property does not change.
- 5) The participant agrees to allow the Palmdale Water District to inspect the property at any time within the first year of the program for the installation of the controller.
- 7) The participant agrees to allow the District to contact him or her for the purpose of conducting program research and agrees to participate in the customer satisfaction poll
- 8.) The participant has read and agrees to the conditions set forth in the following disclaimer:

The Palmdale Water District nor their contractors or agents, makes any representation or warranty regarding the irrigation controller utilized in this ET/Smart Irrigation Controller Rebate Program. By participating in the rebate program, you waive and release the Palmdale Water District, the contractors and agents, from any and all claims and causes of action arising out of the purchase, installation or use of the irrigation controller purchased in connection with the ET/Smart Irrigation Controller Rebate Program. Any claim you may have based upon any defect or failure of the performance of the irrigation controller purchased by you in conjunction with this rebate program should be pursued with the manufacturer.

ET/Smart “SWAT” Tested Irrigation Controllers

Qualifying Products List August 15, 2009

It pays to be smart about water.

Only Smart Water Application Technology (SWAT)-tested qualify for *PWD’s Smart Controller Program*.

All systems must be installed with the proper weather sensor equipment according to manufacturer specifications.

For more information about this independent, third party performance testing protocol visit: www.irrigation.org/SWAT/Industry/ia-tested.asp
