RE:	AGENDA ITEM NO. 7.2 – CONSIDERATION A ON RESOLUTION NO. 12-3 BEING A J RESOLUTION	

Recommendation:

Staff recommends approval of Resolution No. 12-3 being a Joint Tax Sharing Resolution.

Alternative Options:

Impact of Taking No Action:

Joint Tax Sharing Resolutions have previously been approved by the Palmdale Water District and will continue to be presented to the Board for consideration as they are received.

Strategic Plan Element:

This work is part of Strategic Goal 3.0 Infrastructure Management.

Budget:

Approval of Resolution No. 12-3 will have no impact on the budget.

Mr. Dennis LaMoreaux, General Manager Palmdale Water District-Zone E 2029 East Avenue Q Palmdale, CA 93550

Dear Mr. LaMoreaux:

Tax Sharing Resolutions

Thank you for signing and returning the last joint resolutions that were submitted to your office for tax sharing purposes.

Enclosed, in triplicate, is a Joint Tax Sharing Resolution (resolution) involving your agency and others. The applicant has requested, in writing, annexation of his property into County Sanitation District No. 14 (District) in order to receive off-site disposal of sewage. Please see the table below for the annexation and its associated project. The annexation process requires that a resolution for property tax revenue exchange be adopted by all the affected local agencies before an annexation may be approved. For any jurisdictional change which will result in a special district providing new service not previously provided to an area, the law requires the governing bodies of all local agencies that receive an apportionment of the property tax from the area to determine by resolution the amount of the annual tax increment to be transferred to the special district (Revenue and Taxation Code Section 99.01). Please note that by sharing the property tax increment with the District resulting from this annexation, your agency will not lose any existing ad valorem tax revenue it currently receives from the affected territory. Your agency would only be giving up a portion of the revenues it would receive on increased assessed valuation.

Annexation No. 14-398 **Type of Project**

one proposed commercial lot and one existing single-family home

Also, attached for the annexation is a copy of the applicable worksheet and map showing the location of the annexation. The worksheet lists the annual tax increment to be exchanged between your agency, other affected taxing entities, and the District. The tax sharing ratios listed in the worksheet were calculated by the County Auditor Controller by specific Tax Rate Area (TRA). For example, if the annexing territory were to lie within two separate TRAs, there would be a worksheet for each TRA. The Los Angeles County Chief Executive Office (CEO) is requiring the District to implement the worksheet for all District annexations in order to increase efficiency for the calculation of property tax sharing ratios.

The resolution is being distributed to all parties for signature in counterpart. Therefore, you will only be receiving a signature page for your agency. Enclosed are three sets of the resolution. One set of the resolution is for your files and the other two sets of the resolution need to be returned to the District. Mr. Dennis LaMoreaux

January 10, 2012

Please execute the two sets of the resolution and return them to the undersigned within 60 days as required by the Government Code. In addition, the County CEO's legal counsel is also requesting that the signature pages be properly executed from all affected agencies. Therefore, please have the Attest line signed by the appropriate person. Upon completion of the annexation process, your office will receive a fully executed copy of the tax sharing resolution for your files.

Your continued cooperation in this matter is very much appreciated. If you have any questions, please do not hesitate to call me at (562) 908-4288, extension 2708.

Very truly yours,

APPROVING AND ACCEPTING NEGOTIATED EXCHANGE OF PROPERTY TAX REVENUES RESULTING FROM ANNEXATION TO COUNTY SANITATION DISTRICT NO. 14.

"ANNEXATION NO. 398"

WHEREAS, pursuant to Section 99 and 99.01 of the Revenue and Taxation Code, prior to the effective date of any jurisdictional change which will result in a special district providing a new service, the governing bodies of all local agencies that receive an apportionment of the property tax from the area must determine the amount of property tax revenues from the annual tax increment to be exchanged between the affected agencies and approve and accept the negotiated exchange of property tax revenues by resolution; and

WHEREAS, the governing bodies of the agencies signatory hereto have made determinations of the amount of property tax revenues from the annual tax increments to be exchanged as a result of the annexation to County Sanitation District No. 14 entitled *Annexation No. 398*;

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

1. The negotiated exchange of property tax revenues resulting from the annexation of territory to County Sanitation District No. 14 in the annexation entitled *Annexation No. 398* is approved and accepted.

2. For each fiscal year commencing on and after July 1, 2012, or after the effective date of this jurisdictional change, whichever is later, the County Auditor shall transfer to County Sanitation District No. 14 a total of 0.3833365 percent of the annual tax increment attributable to the land area encompassed within *Annexation No. 398* as shown on the attached Worksheets.

3. No additional transfer of property tax revenues shall be made from any other taxing agencies to County Sanitation District No. 14 as a result of annexation entitled *Annexation No. 398*.

4. No transfer of property tax increments from properties within a community redevelopment project, which are legally committed to a Community Redevelopment Agency, shall be made during the period that such tax increment is legally committed for repayment of the redevelopment project costs.

5. If at any time after the effective date of this resolution, the calculations used herein to determine initial property tax transfers or the data used to perform those calculations are found to be incorrect thus producing an improper or inaccurate property tax transfer, the property tax transfer shall be recalculated and the corrected transfer shall be implemented for the next fiscal year, and any amounts of property tax received in excess of that which is proper shall be refunded to the appropriate agency.

The foregoing resolution was adopted by the Board of Supervisors of the County of Los Angeles, the Board of Directors of County Sanitation District No. 14 of Los Angeles County, and the governing bodies of Lancaster Cemetery District, Antelope Valley Mosquito & Vector Control District, Antelope Valley Resource Conservation District, and Palmdale Water District-Zone E, signatory hereto.

PALMDALE WATER DISTRICT BOARD MEMORANDUM

DATE:	February 2, 2012	February 8, 2012
TO:	BOARD OF DIRECTORS	Board Meeting
FROM:	Michael Williams, Finance Manager/CFO	
VIA:	Mr. Dennis D. LaMoreaux, General Manager	
RE:	AGENDA ITEM NO. 7.3 – REPORT AND DI POST EMPLOYMENT BENEFITS (OPEB)	SCUSSION ON OTHER

Background:

During the year ending December 31, 2008, the District implemented GASB Statement No. 45, which changed the accounting and financial reporting used by local government employers for post-employment benefits. Previously, the costs of such benefits were generally recognized as expenses of local government employers on a pay-as-you-go basis.

The District administers its post-employment benefits plan, a single-employer defined benefit plan (Plan). The following requirements must be satisfied in order to be eligible for post-employment medical, dental and vision benefits: (1) Attainment of age 55, and 20 years for full-time service, and (2) Retirement from the District (the District must be the last employer prior to retirement).

The District offers post-employment medical, dental and vision benefits to retired employees who satisfy the eligibility rules. Spouses and surviving spouses are also eligible to receive benefits. Retirees may enroll in any plan available through the ACWA-JPIA medical, dental and vision programs. The contribution requirements of Plan members and the District are established and may be amended by the Board of Directors.

Funding Policy:

The District is required to contribute the Annual Required Contribution (ARC) of the Employer, an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The District will pay 100% of the cost of the post-employment benefit plan. The District funds the plan on a pay-as-you-go basis and maintains reserves (and records a liability) for the difference between pay-as-you-go and the actuarially determined ARC cost.

Annual Cost:

For the year ending December 31, 2010, the ARC cost was \$1,945,603, and \$197,855, or 10.17%, in contributions were made. The net other post-employment payable as of December 31, 2010 was \$2,694,056.

The most recent valuation (dated December 31, 2010) includes an Actuarial Accrued Liability and Unfunded Actuarial Accrued Liability of \$16,234,820. There are no plan assets because the District funds on a pay-as-you-go basis and maintains net assets equal to the remaining net post-employment benefits payable obligation. The covered payroll (annual payroll of active employees covered by the plan) for the years ended December 31, 2010, was \$6,572,271. The ratio of the unfunded actuarial accrued liability to annual covered payroll is 247.02% as of December 31, 2010.

Actuarial Methods and Assumptions:

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and the pattern of sharing of costs between the employer and plan members to that point. Consistent with the long-term perspective of actuarial calculations, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities for benefits.

The actuarial valuations must be performed every three years. In 2008, the District's total plan membership, including retirees, was less than 100. This allowed the District to use GASB Help, a computer program which calculated initial actuarial valuations using the approved alternative method. In 2013 we will need to complete another actuarial valuation, but because our total plan membership is now at 100, we will have to hire an outside actuarial firm to complete the next actuarial valuation.

The following charts show the changes and progression of the OPEB Liability for the past three years since the Districts implementation.
