August 7, 2014

Agenda for a Meeting of the Finance Committee of the Palmdale Water District Committee Members: Gloria Dizmang-Chair, Vincent Dino to be held at the District's office at 2029 East Avenue Q, Palmdale

Monday, August 11, 2014 11:00 a.m.

<u>NOTE:</u> To comply with the Americans with Disabilities Act, to participate in any Board meeting please contact Dawn Deans at 661-947-4111 x1003 at least 48 hours prior to a Board meeting to inform us of your needs and to determine if accommodation is feasible.

Agenda item materials, as well as materials related to agenda items submitted after distribution of the agenda packets, are available for public review at the District's office located at 2029 East Avenue Q, Palmdale. Please call Dawn Deans at 661-947-4111 x1003 for public review of materials.

<u>PUBLIC COMMENT GUIDELINES:</u> The prescribed time limit per speaker is three-minutes. Please refrain from public displays or outbursts such as unsolicited applause, comments, or cheering. Any disruptive activities that substantially interfere with the ability of the District to carry out its meeting will not be permitted and offenders will be requested to leave the meeting.

Each item on the agenda shall be deemed to include any appropriate motion, resolution, or ordinance to take action on any item.

- 1) Roll call.
- 2) Adoption of agenda.
- 3) Public comments.
- 4) Action Items: (The public shall have an opportunity to comment on any action item as each item is considered by the Committee prior to action being taken.)

- 4.1) Consideration and possible action on approval of minutes of meeting held July 1, 2014.
- 4.2) Discussion and overview of Cash Flow Statement and Current Cash Balances as of June 30, 2014. (Financial Advisor Egan)
- 4.3) Discussion and overview of Financial Statements, Revenue and Expense and Departmental Budget Reports for June 30, 2014. (Finance Manager Williams)
- 4.4) Discussion and overview of committed contracts issued. (Assistant General Manager Knudson)
- 4.5) Discussion and review of the District's Bid Procurement and Change Order Policy Rules and Regulations Appendix M. (General Manager LaMoreaux)
- 4.6) Consideration and possible action on policy for Rate Assistance Program. (Finance Manager Williams)
- 5) Information items.
 - 5.1) Status of 2014 Water Rate Study. (General Manager LaMoreaux)
 - 5.2) Other.
- 6) Board members' requests for future agenda items.
- 7) Adjournment.

DENNIS D. LaMORÉAUX,

General Manager

DDL/dd

PALMDALE WATER DISTRICT

BOARD MEMORANDUM

DATE: August 6, 2014 **August 11, 2014 TO:** FINANCE COMMITTEE **Committee Meeting**

FROM: Michael Williams, Finance Manager/CFO **VIA:** Mr. Dennis LaMoreaux, General Manager

RE: AGENDA ITEM 4.3 - DISCUSSION AND OVERVIEW OF FINANCIAL

STATEMENTS, REVENUE AND EXPENSE AND DEPARTMENTAL BUDGET

REPORTS FOR JUNE 30, 2014

Discussion:

Presented here are the Balance Sheet and Profit/Loss Statement for the period ending June 30, 2014. Also included are Year-To-Year Comparisons, and Month-To-Month Comparisons for both revenue and expense. Finally, I have provided individual departmental budget reports for the month of June, 2014.

This is the sixth month of the District's Budget Year 2014. The target percentage is 50%. Revenues ideally are at or above, and expenditures ideally are below.

Balance Sheet:

- Page 1 is our balance sheet on June 30, 2014.
- There are no significant changes from May to June.
- Page 2-A is provided to give historical information related to our long term assets. Looking back at 6 month intervals beginning in 2011 to present: our property, plant and equipment has declined \$9.4MM. Also, note that the bond issue will help in bringing our long term assets back up.

Profit/Loss Statement:

- Page 3 is our profit/loss statement on June 30, 2014.
- Operating revenue is at 44% of budget. In addition, reduced water sales for the six month period has water sales at only 38% of budget. These amounts are far below our target for this time of year.
- Cash operating expense is at 44% of budget. This is below the target of 50% which is where we like to be.
- There are a couple departments that continue to be over the respective target which have been discussed in the past.

Year-To-Year Comparison P&L:

- Page 7 is our comparison of June, 2013 to June, 2014.
- Total operating revenue is down \$59K, or 2.7%, due to lower water consumption. Water sales are down \$64K for the month.

VIA: Mr. Dennis LaMoreaux, General Manager

-2-

August 6, 2014

- Operating expenditures are down by \$500K, or 25% due mostly to the purchase of GAC and prior year OAP charges paid in 2013.
- Page 8 is a graphic presentation of the water consumption comparison. Units billed in acre feet were down by 106 or 5.3%. Total revenue per unit sold is up \$0.07, or 3%, total revenue per connection is down \$2.29 or 3%, and units billed per connection is down 1.94, or 6%.

Revenue Analysis Year-To-Date:

- Page 9 is our comparison of revenue, year to date.
- Operating revenue through June 2014 is down \$223K.
- Retail water sales are down by \$13K from last year. That's shown by the combined green highlighted area. Water sales alone are down \$104K.
- For the months January through June, in 2014 we have sold 33 acre feet less water than last year. However, for the months April through June 2014, we have sold 237 acre feet less than last year.
- Total revenue is up \$756K. This is due mostly to assessments received.
- Operating revenue through June, 2014 is at 43% of budget, last year we were at 47% of budget. This too is reflective of reduced water sales.

Expense Analysis Year-To-Date:

- Page 11 is our comparison of expense, year-to-date.
- Cash Operating Expenses through June, 2014 are up by \$1.2MM, or 11%, compared to 2013 due to plant expenditures and the Wood settlement payment.
- Total Expenses are up \$645K, or 4%, for the same reasons.

Departments:

• Pages 14 through 22 are detailed budgets of each department.

Non-Cash Definitions:

Depreciation: This is the spreading of the total expense of a capital asset over the expected life of that asset.

OPEB Accrual Expense: Other Post Employment Benefits (OPEB) is the recognized annual required contribution to the benefit. The amount is actuarially determined in accordance with the parameters of GASB 45. The amount represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year.

Bad Debt: The uncollectible accounts receivable that has been written off.

Service Cost Construction: The value of material, parts & supplies from inventory used to construct, repair and maintain our asset infrastructure.

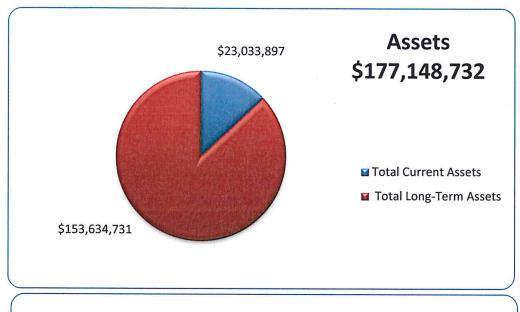

Capitalized Construction: The value of our labor force used to construct our asset infrastructure.

PALMDALE WATER DISTRICT BOARD MEMORANDUM

DATE: August 6, 2014 **August 11, 2014**

TO: FINANCE COMMITTEE Committee Meeting

FROM: Michael Williams, Finance Manager/CFO

VIA: Mr. Dennis D. LaMoreaux, General Manager

RE: AGENDA ITEM NO. 4.6 – CONSIDERATION AND POSSIBLE ACTION

ON POLICY FOR RATE ASSISTANCE PROGRAM

Recommendation:

Staff recommends approving and Finance Committee presentment to the full Board for approval of the Palmdale Water District's Rate Assistance Program (PWDRAP).

Background:

The Finance Committee has requested staff to research the possibility of implementing a low income rate assistance program. Staff has prepared a Rate Assistance Program targeted at seniors 62 and older as a starting point for low income assistance. Also, because of the rate structure adjustment in which we are reducing the 1" meter charge, the assistance should be limited to 5/8" and 3/4" meters customers only the first year. The program can be modified after implementation depending on the success and participation rate.

Some key factors of the program:

- Program will cover up to 50% of monthly service charge for one year.
- Available to seniors age 62 or older only living in single family home only.
- Available to property owners and renters.
- Participants must be enrolled in Edison and/or Gas company CARE program.
- Participants must qualify by income levels set by Public Utilities Commission Alternative Rates for Energy.
- Participants must submit supporting documentation requested by staff.
- Participants must renew their eligibility annually.

FINANCE COMMITTEE PALMDALE WATER DISTRICT

VIA: Mr. Dennis D. LaMoreaux, General Manager

August 6, 2014

The program would be funded by taking the revenue from the cell tower lease and the revenue from Fin and Feather rental, which totals approximately \$150,000 annually. Once approved by the Palmdale Water District's Board of Directors, the funds received in 2014 from cell tower and Fin & Feather leases will be set aside in a holding account for distribution in January 2015. Also, once approved by the Board of Directors, staff would begin promoting and receiving applications for the program.

Budget:

The impact on the District's Budget is a reduction in non-operating revenue of approximately \$150,000 annually.

Supporting Documents:

- Draft rules to applicant
- Draft application
- Attorney's opinion letter of the program

RULES TO APPLICANTS FOR WATER RATE ASSISTANCE PROGRAM

APPLICANT

The Palmdale Water District Rate Assistance Program (PWDRAP) is available only to residential customers, age 62 or older, who receive water through a 5/8" or 3/4" water meter.

An applicant for the District's Rate Assistance Program must be either the owner living in the premises or the tenant of the residence and responsible for the payment of water service provided by the District. Tenants must have on file with the District an affidavit, in the form attached hereto as "exhibit?," signed by the property owner, assuming responsibility for payment of services for said property.

ELIGIBILITY FOR PROGRAM

Each applicant for the PWDRAP must establish eligibility for the program annually as stated below:

CARE Program: Applicant must qualify and be enrolled in Southern California Edison's or Southern California Gas' California Alternative Rates for Energy (CARE) program and must provide a utility bill showing proof of such enrollment.

Household Income: Applicant's total gross household income cannot exceed predetermined income requirements established by the District, based upon the approved limits set by the California Public Utilities Commission for the CARE program. Applicant must provide verification of household income with application by any means deemed acceptable by the District.

Income Requirements. Maximum household income requirements are based upon number of persons living in residence in relation to maximum total "gross household income" from all sources.

Income Qualifications. Total gross household income is all revenues, from all household members, from whatever sources derived, including but not limited to:

- Wages
- Salaries and Other Employment Compensation
- Interest
- Dividends
- Spousal Support
- Public Assistance Payments
- Social Security and Other Pensions
- Rental Income

- Income from Self-employment
- All Employment-related Non-cash Income

Income Taxes: Applicant may not be claimed as a dependent on another person's federal or state income tax return.

Property Taxes: Applicant may be required to provide a copy of their annual property tax statement, or documentation reasonably requested by the District to evidence home ownership.

Additional Requirements: The following requirements also apply to each applicant:

- Must reapply each time they move.
- Must reapply annually.
- Must notify the District within 30 days if they become ineligible.

METHOD OF APPLICATION FOR PROGRAM

Application Procedure: Applicant must obtain from the District an application, attached hereto as "Exhibit A", for the PWDRAP. Applicant must complete the application and submit the required documentation to the District. If approved, applicant will receive the assistance on their bill, as calculated under Section "Rate Assistance", below, at a to-be-determined date. If the application is not approved, applicant will receive a letter from the District explaining the reason for the disapproval.

Application Period: Applications are accepted on a first come, first served basis, contingent upon the availability of funds. Participation in the PWDRAP is personal to the applicant and is not transferable with the property.

PROGRAM FUNDING

The Board of Directors will approve on an annual basis, as part of the District's budget process, the annual funding for the PWDRAP. **Funding for the PWDRAP is not derived from water rate revenue.** Approved funding, if any, will be a not-to-exceed amount established for a twelve (12) month period that may differ from the District's fiscal year. The annual funding approved will be prorated amongst eligible participants in an amount not-to-exceed fifty percent (50%) of the current monthly service charge.

ASSISTANCE RATE

The District has established an assistance amount of up to fifty percent (50%) off of the monthly service charge for 5/8" & 3/4" meters, for qualified households. This rate of assistance is subject to change on an annual basis as determined by the Board of Directors.

REDUCTION; TERMINATION

The District, in its sole discretion, reserves the rights to reduce amounts available under the PWDRAP, and any assistance available under that program, in its entirety, upon at least thirty (30) days written notice to participants in the program.

About PWDRAP

The Palmdale Water District is pleased to offer a Rate Assistance Program to our customers, 62 years of age and older, who meet the eligibility requirements identified below. If your household qualifies for a discount on your energy bill under the electric or gas CARE programs, you may also qualify for rate assistance of up to fifty percent (50%) on the monthly service charge on your water bill.

• To apply for PWDRAP at your residence, please fill out this application and submit the required documentation to the District. If approved, the rate assistance will become effective within sixty (60) days after the date of approval. If your application is not approved, you will receive a letter from the District explaining the reason for that disapproval. Applicants may apply any time throughout the year; however, applications will be accepted on a first come, first served basis, contingent upon the availability of funds.

If you need assistance in completing the application, or would like more information about the program, call the District at 661-947-4111, option 2, and speak to a Customer Service Representative, or visit our office at 2029 East Avenue Q, Palmdale, CA 93550, or on the web at www.palmdalewater.org

What Counts as Income?

Total gross household income is all revenues, from all household members, from whatever sources derived, including but not limited to: wages, salaries and other employment-related compensation, interest, dividends, spousal and child support payments, public assistance payments, Social Security and pensions, rental income, income for self-employment, and all employment-related non-cash income.

What are the Qualifications?

- Must complete and submit application. Applications will be accepted on a first come, first served basis contingent upon availability of funds.
- Must qualify for Southern California Edison's or Southern California Gas' CARE program.
- Total gross household income cannot exceed the amounts shown on the "Income Requirements" chart above.
- Must be a District residential customer and receive water through a 5/8" or 3/4" meter.
- Must provide verification of age and household income as requested by means required by District.
- May not be claimed as a dependent on another person's federal or state income tax return.
- May be required to provide proof of ownership by means requested by District.
- Must reapply annually and/or each time you move.
- Must notify the District within thirty (30) days if you become ineligible.
- Assistance is nontransferable with property or applicant

TO: P.

PALMDALE WATER DISTRICT

MICHAEL WILLIAMS, FINANCE MANAGER

FROM:

PATRICIA J. QUILIZAPA, ASST. GENERAL COUNSEL

DATE:

JULY 23, 2014

RE:

PROPOSITION 218 IMPLICATIONS ON PALMDALE WATER

DISTRICT'S RATE ASSISTANCE PROGRAM

I. ISSUE

Whether the Palmdale Water District may use funds generated by lease revenue to subsidize low-income rate payers for payment of water rates without violating Proposition 218.

II. SHORT ANSWER

Yes, the Palmdale Water District may subsidize water bills through non-rate revenue. So long as no rate revenue is used to subsidize low-income rate payers, Proposition 218 will not be implicated. Additionally, the use of lease revenue does not implicate the mandates of Propositions of 13 or 26, which govern taxes.

III. FACTUAL BACKGROUND

The Palmdale Water District (the "District") is developing a rate assistance program (the "Program"). The Program foresees use of lease revenue to subsidize water rates for certain qualifying low-income rate-payers. We understand that funds to be used by the District for the Program are derived exclusively from cell tower leases, and from rent collected from the Fin & Feather Club. Revenue generated by the Fin & Feather club is generated from memberships therein. Each of the properties, which is the subject of the leases, has long been owned by the District. They were not acquired with revenue derived from taxes or water service charges.

IV. LEGAL ANALYSIS

Proposition 218, also known as the Right to Vote on Taxes Act, is embodied in Articles XIII C and XIII D of the California Constitution. Proposition 218 regulates a local government's ability to levy or increase taxes, assessments, fees, and charges through certain procedural and substantive requirements. Specifically, Article XIII C, Section 3 regulates the adoption and imposition of taxes. Article XIII D, Section 4 governs the adoption and imposition of special assessments. Article XIII D, Section 6 governs the adoption and imposition of all other fees and charges imposed as an incident of property ownership. Depending upon the exaction governed, there exists notice, voter approval, majority protest, and rate limitations.

PALMDALE WATER DISTRICT

Re: Proposition 218 Implications on Palmdale Water District's Rate Assistance Program

July 23, 2014

Page 2

None of these specific constitutional mandates govern the leases and lease revenue the District proposes to use to fund the Program. Therefore, neither Proposition 218 or Propositions 13 or 26 govern the use of such revenue. The District is not imposing special taxes on any property owner, nor is it increasing its rates to fund the Program. Instead, the District is using revenue derived from negotiated contractual agreements using property it acquired many decades ago. The District intends to use revenue derived from various leases with cell phone towers and with the Fin & Feather Club to pay for the Program.

It is also important to note that to the extent such lease revenue previously subsidized the rates of water users, there is nothing in Article XIII D, Section 6 (the mandate relating to property-related services, such as water charges), that requires such subsidy to continue. Indeed, the rate limitations at Section 6, subdivision (b) restrict only the use of "revenue derived from the fee or charge" for water service. (Cal. Const., art. XIII D, § 6, subd. (b)(1) - (5).) Cities often subsidize their water departments from their general funds, thereby artificially reducing water rates. Article XIII D, Section 6, however, does not mandate that such general fund subsidy continue.

V. CONCLUSION

In sum, to the extent the District does not use any rate-revenue or taxes to finance the Program, and instead uses only lease revenue derived from various leases, the Program will not cause the District to violate Propositions 218, 13 or 26.
