

**PALMDALE WATER DISTRICT
RESOLUTION NO. 11-5**

**RESOLUTION ADOPTING, DIRECTING FILING OF, AND
IMPLEMENTING THE PALMDALE WATER DISTRICT
2010 URBAN WATER MANAGEMENT PLAN**

WHEREAS, the California Legislature enacted Assembly Bill 797 during the 1983-1984 Regular Session of the California Legislature (Water Code Section 10610 et.seq.) known as the Urban Water Management Plan Act (the Act).

WHEREAS, the Act mandates that every urban water supplier of water providing water for municipal purposes to more than 3,000 customers or supplying more than 3,000 acre-feet of water annually, prepare, and every five (5) years thereafter update, its Urban Water Management Plan, (the Plan), the primary objective of which is to plan for the conservation and efficient use of water.

WHEREAS, the latest update of the Plan was due at the end of 2010, but a six-month extension was granted by the Legislature for submittals of the 2010 Urban Water Management plan to provide time for urban water suppliers to address Senate Bill X7-7 (SB X7-7), which requires water retailers like the Palmdale Water District to develop plans to reduce per capita water use by 20 percent by the year 2020, with an interim target of a 10 percent reduction by 2015; and

WHEREAS, the Palmdale Water District prepared and filed a Plan with the California Department of Water Resources in December 1985, December 1990, December 1995, December 2000, and December 2005; and

WHEREAS, considering the six (6) month extension granted by the Legislature, the 2010 Plan should be adopted by July 1, 2011, and filed with the California Department of Water Resources, the California State Library and the City of Palmdale within thirty days of adoption; and

WHEREAS, the Act further requires that the adopted Plan be available for public review during normal business hours for thirty (30) days following its submission to the Department of Water Resources; and

WHEREAS, as an urban water supplier providing water service to over 109,000 customers, Palmdale Water District is subject to the Act and has, therefore, prepared and circulated for public view a Draft 2010 Urban Water Management Plan in compliance with the requirements of the Act, and a properly noticed public hearing regarding the proposed Plan was duly held by the Palmdale Water District on June 22, 2011.

NOW, THEREFORE, BE IT RESOLVED by the Board of the Directors of the Palmdale Water District as follows:

1. The 2010 Urban Water Management Plan is hereby approved and adopted.
2. The General Manager is hereby authorized and directed to file the Plan with the California Department of Water Resources, the California State Library and the City of Palmdale within thirty days of adoption in accordance with the Act.
3. When required by conditions contained in the Plan, the General Manager is authorized to declare a Water Shortage Emergency and to implement water conservation programs as detailed in the Plan, including recommendations to the Board of Directors regarding necessary procedures, rules and regulations to carry out effective and equitable water conservation programs.
4. The General Manager and staff are hereby further authorized and directed to take such other and further actions as may be reasonably necessary to carry out the purposes and intent of the Plan.

PASSED AND ADOPTED at the regular meeting of the Board of Directors held on June 22, 2011.

GORDON DEXTER, President,
Palmdale Water District Board of Directors

ATTEST:

RAUL FIGUEROA, Secretary,
Palmdale Water District Board of Directors
