RESOLUTION NO. 15-15

A RESOLUTION OF THE BOARD OF DIRECTORS OF PALMDALE WATER DISTRICT AMENDING APPENDIX C TO THE RULES AND REGULATIONS OF THE PALMDALE WATER DISTRICT AND ADOPTING A 4.0% RATE ADJUSTMENT FOR CALENDAR YEAR 2015

WHEREAS, the District's current water rates for Calendar Years 2015 – 2019 are set forth as Appendix C of the Rules and Regulations of the Palmdale Water District;

WHEREAS, in 2014 District staff undertook a review of the District's financial position and determined the current water rate revenues are not sufficient to offset the cost of providing the water service, including, among other things, increased operation and maintenance expenses, increased costs for necessary infrastructure repairs and enhancements, increased water quality regulations, and increased water supply costs;

WHEREAS, on April 17, 2014, the District retained Bartle & Wells, an independent water rate consultant, pursuant to an open bid process to perform a financial study of the District's existing water rates and rate structure and the District's existing and future reasonably estimated costs of providing water service;

WHEREAS, on July 16, 2014 and July 23, 2014, Bartle & Wells made presentations to the Board of Directors that concluded the current rates and rate structure will not be sufficient to cover the reasonably estimated costs of providing the District's water service over the next five fiscal years and proposed a revised rate structure and annual rate increases options depending on the level of maintenance and improvements expected to take place in the next five years, including 5%, 5.5% and 6% annual rate increases;

WHEREAS, the District's charges and fees for water service are subject to the requirements of Proposition 218 (Cal. Const. Art. XIIID, Section 6), including notice, hearing, and protest requirements applicable to increases of water rates;

WHEREAS, on July 23, 2014, pursuant to Proposition 218, the Board approved and directed staff to provide notice of the proposed rate structure changes and 5.5% annual rate increases;

WHEREAS, on September 17, 2014, the District held a public hearing at which District staff presented a total of 340 valid protests to the Board, resulting in less than a majority protest pursuant to Article XIII D, Section 6 of the California Constitution;

WHEREAS, although the lack of a majority protest authorizes the Board to adopt the Proposed Rates up to 5.5% for the next five fiscal years, the Board is not required to implement all of the annual rate increases;

WHEREAS, each year through its budget process, the Board reviews the estimated costs of providing the District's service in the ensuing year and determines at that time the amount of the increase it will implement for the ensuing year;

WHEREAS, if the Board determines not to implement the full 5.5% rate increase, it must adopt an amended Appendix C of the Rules and Regulations of the Palmdale Water District;

WHEREAS, on November 25, 2015, the Board approved a 4.0% rate increase for calendar year 2016;

WHEREAS, the adoption of this resolution is exempt from the requirements of the California Environmental Quality Act ("CEQA") pursuant to Public Resources Code Section 21080(b)(8) and Section 15273 of the State CEQA Guidelines codified at 14 CCR §15273 because the resolution pertains to the adoption of charges necessary to maintain services within the District's existing service area.

NOW, THEREFORE, BE IT RESOLVED AND ORDERED that the Board of Directors of the Palmdale Water District does hereby resolve as follows:

1. The foregoing recitals are hereby found to be true and correct and incorporated herein by this reference.

2. The Board has determined to implement a 4.0% annual rate increase for Calendar Year 2016 instead of the full 5.5% annual rate increase authorized by the Proposition 218 rate setting process.

4. The General Manager is authorized and directed to give due notice of exemption of this resolution from the provisions of CEQA, pursuant to Title 14 California Code of Regulations section 15062.

7. Effective Date. All sections of this Resolution shall be in full force and effect as of January 1, 2016.

All transactions will be reviewed by the Finance Committee on a monthly basis to assure compliance with the Investment Policy. (California Government Code Section 53607.)

6.0 ETHICS AND CONFLICTS OF INTEREST

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

7.0 AUTHORIZED FINANCIAL INSTITUTIONS AND DEALERS

The Deputy Treasurer will maintain a list of financial institutions, selected on the basis of credit worthiness, financial strength, experience and minimal capitalization authorized to provide investment services. In addition, a list will also be maintained of approved security broker/dealers selected by credit worthiness who are authorized to provide investment and financial advisory services in the State of California. No public deposit shall be made except in a qualified public depository as established by state laws.

For brokers/dealers of government securities and other investments, the District shall select only broker/dealers who are licensed and in good standing with the California Department of Securities, the Securities and Exchange Commission, the Financial Industry Regulatory Authority (FINRA) or other applicable self-regulatory organizations.

Before engaging in investment transactions with a broker/dealer, the Deputy Treasurer shall have received from said firm a signed Certification Form. This form shall attest that the individual responsible for the District's account with that firm has reviewed the District's Investment Policy and that the firm understands the policy and intends to present investment recommendations and transactions to the District that are appropriate under the terms and conditions of the Investment Policy.

8.0 AUTHORIZED AND SUITABLE INVESTMENTS

The District is empowered by California Government Code 53601 et seq. to invest in the following:

a. Bonds issued by the District.

b. United States Treasury Bills, Notes and Bonds.

c. Federal agency or United States government-sponsored enterprise obligations, participations, or other instruments, including those issued by, or fully guaranteed as to principal and interest by federal agencies or United States government-sponsored enterprises.

d. Negotiable certificates of deposit issued by a nationally or state-chartered bank, a savings association or a federal association (as defined by Section 5102 of the Financial Code), or by a state-licensed branch of a foreign bank. Purchases of negotiable certificates of deposit may not exceed 35% of the District's money which may be invested pursuant to this policy.

e. Monies held by a trustee or fiscal agent and pledged to the payment or security of bonds or other indebtedness, or obligations under a lease, installment sale, or other agreement of a local agency, or certificates of participation in those bonds, indebtedness, or lease installment sale, or other agreements, may be invested in accordance with the statutory provisions governing the issuance of those bonds, indebtedness, or lease

installment sale, or other agreement, or to the extent not inconsistent therewith or if there are no specific statutory provisions, in accordance with the ordinance, resolution, indenture, or agreement of the local agency providing for the issuance.

f. Bonds, notes, warrants or other evidence of debt issued by a local agency within the State of California, including pooled investment accounts sponsored by the State of California, County Treasurers, other local agencies or Joint Powers Agencies.

Such investments shall be limited to securities that at the time of the investment have a term remaining to maturity of five years or less, or as provided above.

The District shall not invest any funds covered by this Investment Policy in inverse floaters, range notes, interest-only strips derived from mortgage pools or any investment that may result in a zero interest accrual if held to maturity.

9.0 COLLATERALIZATION

All certificates of deposit must be collateralized by United States Treasury Obligations. Collateral must be held by a third party trustee and valued on a monthly basis. The percentage of collateralizations on repurchase and reverse agreements will adhere to the amount required under California Government Code 53601(j)(2).

10.0 SAFEKEEPING AND CUSTODY

All security transactions entered into by the District shall be conducted on delivery-versus-payment (DVP) basis. All securities purchased or acquired shall be delivered to the District by book entry, physical delivery or by third party custodial agreement.

11.0 DIVERSIFICATION

The District will diversify its investments by security type and institution. Assets shall be diversified to eliminate the risk of loss resulting from over concentration of assets in a specific maturity, a specific issuer or a specific class of securities.

Diversification strategies shall be reviewed and revised periodically. In establishing specific diversification strategies, the following general policies and constraints shall apply:

a. Portfolio maturity dates shall be matched versus liabilities to avoid undue concentration in a specific maturity sector.

b. Maturities selected shall provide for stability of income and liquidity.

c. Disbursement and payroll dates shall be covered through maturities of investments, marketable United States Treasury bills or other cash equivalent instruments such as money market mutual funds.

12.0 REPORTING

The Deputy Treasurer, after review by the Finance Committee, shall submit to each member of the Board of Directors an investment report at least quarterly. The report shall include a complete description of the portfolio, the type of investments, the issuers, maturity dates, par values and the current market values of each component of the portfolio, including funds managed for District by third party contracted managers. The report will also include the source of the portfolio valuation. For funds which are placed in LAIF, FDIC-insured accounts and/or in a county investment pool, the foregoing report elements may be replaced by copies of the latest statements from such institutions. The report must also include a certification that (1) all investment actions executed since the last report have been made in full compliance with the Investment Policy, and (2) the District will meet its expenditure obligations for the next six months. The Deputy Treasurer shall maintain a complete and timely record of all investment transactions.

13.0 INVESTMENT POLICY ADOPTION

The Investment Policy shall be adopted by resolution of the District. Moreover, the Policy shall be reviewed on an annual basis, and modifications must be approved by the Board of Directors.
